Ryszard Czekaj

Teacher of engineering, computer scientist, programmer, handyman with passion. Practical knowledge of construction and administration of computer networks supported by gaining concession in 1997 from the Ministry of Communications to provide telecommunications services No 274/97/I. Extensive experience in designing and developing software from separate, specific applications to complex network systems using available libraries, SQL and other solutions in several programming languages. Ability to work in a team in an international environment. Support for electric tools, machinery and equipment, the assembly works as well as of electrical appliances, soldering. Independence, resistance to stress and ready to relocate.

Experience

10.2010–08.2022	DD1Studio Advanced Programming, working remotly Developing WWW services with PHP language (http://dd1studio.com/)
07.2009–12.2009	SBA Euro & Axell, The Netherlands Van Happen Containers (http://www.vanhappencontainers.nl/), De Rooy (http://www.derooy.com/), Opstalan, Kaasmakerij de Jong (http://www.goatcheese.nl/)
10.2007–12.2007	World Wide Staffing, The Netherlands, SoFi: 2679.53.185 Elephant Dekker (http://www.dekkerhout.nl/)
06.2006–03.2007	JobServer, Denmark, CPR: 030270-2683 DanSystem Industri (http://www.dansystemindustri.dk/), Frigoscandia (http://www.frigoscandia.dk/), T. Hansen Gruppen (http://www.thansen.dk/)
01.2004–now	Freelancer
06.2002–12.2003	IT expert, AKSEL-NET, 44-207 Rybnik, ul. Lipowa 17, Poland Network administrator, IT systems analyst and developer, dispatcher apps programmer for Kenwood and Motorola radios, webmaster. http://www.aksel.com.pl/

09.2000– 08.2001	Teacher, Zespół Szkół Liceum Ogólnokształcące, 44-280 Rydułtowy, ul. Skalna 1, Poland Teaching in secondary school. http://www.zsp1rydultowy.internetdsl.pl/
06.1997– 02.2000	Own economic in IT and Internet networking, "RYCHo Ryszard Czekaj Usługi Informatyczne i Internetowe" , 40-005 Katowice, Aleja Korfantego 8/145, Poland Working for DEMO s.c. in Katowice I have created and was directing of internet network section of company: www.demo.pl, teaching in Private Higher School of IT and Economics "PPSIE NOVUM", professional courses. http://www.demo.pl/
09.1995– 08.1996	Teacher, Zespół Szkół Elektronicznych, 41-200 Sosnowiec, ul. Jagiellońska 13, Poland Teaching in secondary school. http://elektronik.zse.edu.pl/

Driver license

12.07.1988	B

04255/01/2415

Computer skills

OS	Mac OS X, Unix (FreeBSD, Linux), Novell, Microsoft Windows	administration	Apache, Sendmail, Postfix, Samba, Bind
programming	Assembler, Basic, C/C++, Pascal (Delphi), PHP	scripting	Perl, Shell, sed, awk
graphic	Corel Draw, Gimp	typography	LaTeX
web design	Web 2.0	database	MySQL, PostgreSQL, Firebird

Education

1990–1996	Master of Science in Information Technology, University of Silesia in Katowice http://www.us.edu.pl/, Department of Engineering Sciences in Sosnowiec http://www.wiinom.us.edu.pl/
1985–1990	Secondary school, „1st LO Wodzisław Śląski", http://www.lo1-wodzislaw.net/
1976–1985	Elementary school, http://zsp7wodzislawslaski.smarthost.pl/zsp7/

Master thesis

title	Emulation of printer and plotter in graphic mode („Emulacja drukarki i plotera w trybie graficznym") http://rychoo.freeshell.net/mgr/
supervisors	prof. dr hab. inż. Dariusz Badura and mgr Ireneusz Gościniak

description	Study of the complex design of a software emulating printer and plotter with their various languages on the graphic screen made with the first Borland 32–bit compiler for MS Windows in C++. In written part description about contemporary devices and study of object method for analysis and interpreting device language with plain text drivers.

Languages

Polish	native	
English	very good	Not perfect but good enough for working in Denmark and in the Netherlands. A language I'm using reading documentation and surfing Internet.
Russian	poor	Many journeys in Russian speaking countries.
German	elementary	Taking classes at the time of study.

Interests

social skills and competences	I'm an Internet fan, as a technique for connecting computers using TCP/IP, and as a sociocultural phenomena connecting people (http://www.facebook.com/ryszard.czekaj). You can say about me "BSD guru", I'm using network actively and have its own website where I test my ideas (http://RYCHoo.TheUnixPlace.com/). Work during studies at the radio (part-time): Students' Radio «ORS Centrum» in Gliwice, Radio «Rezonans» in Sosnowiec, Radio «Silesia FLASH» in Gliwice, Poland, as broadcast leader and sound engineer. I also helped at those times in organization of the students' "juwenalia" as a program manager.
hobby	Music and even sometimes playing guitar. In spare time tourism.
